## LEISTUNGSERKLÄRUNG

gemäß Anhang III der Verordnung (EU) Nr. 305/2011

Nr. BASILIA-2025/11

- Eindeutiger Kenn-Code des Produkttyps:**  
BASILIA · Häusliche Feuerstätten für feste Brennstoffe – Teil 2-1: Raumheizer · EN 16510-2-1:2022
- Vom Hersteller vorgesehener Verwendungszweck oder vorgesehene Verwendungszwecke des Bauprodukts gemäß der anwendbaren harmonisierten, technischen Spezifikation:**  
Raumheizung in Wohngebäuden (ohne Warmwasserbereitung)
- Name, eingetragener Handelsname oder eingetragene Marke und Kontaktanschrift des Herstellers gemäß Artikel 11 Absatz 5:**  
HASE Kaminofenbau GmbH · Niederkircher Str.14 · 54294 Trier · www.hase.de · Telefon: +49 651-8269-0 · Fax: +49 651-8269-118 · E-Mail: info@hase.de
- Gegebenenfalls Name und Kontaktanschrift des Bevollmächtigten, der mit den Aufgaben gemäß Artikel 12 Absatz 2 beauftragt ist: –**
- System oder Systeme zur Bewertung und Überprüfung der Leistungsbeständigkeit des Bauprodukts gemäß Anhang V:**  
System 3
- Das notifizierte Prüflabor Rhein-Ruhr Feuerstätten Prüfstelle mit der Kennziffer 1625 hat nach System 3 die Erstprüfung durchgeführt und im Prüfbericht 1625-AoP-CPR-1021 25 1801 dokumentiert.**
- Erklärte Leistung:**

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                                                                                   |                            |  |  |                       |                            |                    |                |     |                   |           |                |                        |                |     |                |          |                |     |   |     |

- Die Leistung des vorstehenden Produkts entspricht der erklärten Leistung/ den erklärten Leistungen.**  
**Für die Erstellung der Leistungserklärung im Einklang mit der Verordnung (EU) Nr.305/2011 ist allein der oben genannte Hersteller verantwortlich.**

Unterzeichnet für den Hersteller und im Namen des Herstellers von:

Trier, 04.11.2025 · Geschäftsführer Fernando Najera

DÉCLARATION DES PERFORMANCES  
conformément à l'annexe III du décret (EU) N°305/2011  
N° BASILIA-2025/11

1. Code d'identification unique du produit type :  
BASILIA · Appareils de chauffage domestiques utilisant les combustibles solides · Partie 2-1 : Appareils de chauffage des locaux · EN 16510-2-1:2022
2. Usage ou usages prévus du produit de construction conformément à la spécification technique harmonisée applicable, comme prévu(s) par le fabricant :  
Chauffage des locaux dans les bâtiments résidentiels (sans production d'eau chaude)
3. Nom, raison sociale ou marque déposée et adresse de contact du fabricant conformément à l'article 11, paragraphe 5 :  
HASE Kaminofenbau GmbH · Niederkircher Str.14 · 54294 Trier · www.hase.de · Téléphone : +49 651-8269-0 · Fax: +49 651-8269-118  
E-Mail: info@hase.de
4. Le cas échéant, nom et adresse du mandataire dont le mandat couvre les tâches visées à l'article 12, paragraphes 2 : –
5. Le ou les systèmes d'évaluation et de vérification de la constance des performances du produit de construction conformément à l'annexe V :  
système 3
6. Le laboratoire notifié, Rhein-Ruhr Feuerstätten Prüfstelle, portant le numéro d'identification européen 1625, a réalisé le premier essai selon le système 3 et l'a documenté dans le rapport d'essai 1625-AoP-CPR-1021 25 1801.
7. Performances déclarée :

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                 |  |  |                                       |                                                 |                    |            |     |                  |           |       |                        |           |     |       |          |       |     |     |     |

DICHIARAZIONE DI PRESTAZIONE  
ai sensi dell'allegato III del Regolamento (UE) n. 305/2011  
N. BASILIA-2025/11

1. Codice di identificazione unico del prodotto-tipo:  
BASILIA · Apparecchi domestici a combustibile solido - Parte 2-1: Riscaldatori per ambienti · EN 16510-2-1:2022
2. Uso o usi previsti del prodotto da costruzione, conformemente alla relativa specifica tecnica armonizzata, come previsto dal fabbricante:  
Riscaldamento degli ambienti negli edifici residenziali (senza riscaldamento dell'acqua)
3. Nome, denominazione commerciale registrata o marchio registrato e indirizzo del fabbricante ai sensi dell'articolo 11, paragrafo 5:  
HASE Kaminofenbau GmbH · Niederkircher Str.14 · 54294 Trier · www.hase.de · Telefono: +49 651-8269-0 · Fax: +49 651-8269-118  
E-Mail: info@hase.de
4. Se opportuno, nome e indirizzo del mandatario il cui mandato copre i compiti cui all'articolo 12, paragrafo 2: –
5. Sistema o sistemi di valutazione e verifica della costanza della prestazione del prodotto da costruzione di cui all'allegato V:  
sistema 3
6. Il laboratorio di prova notificato Rhein-Ruhr Feuerstätten Prüfstelle il numero di identificazione 1625 ha effettuato secondo il sistema 3 il primo controllo documentandolo nella relazione di prova 1625-AoP-CPR-1021 25 1801.
7. Prestazione dichiarata:

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                       |  |                              |                                       |                                       |                                         |            |                        |                                       |                      |                              |                                              |           |                      |                           |                      |     |          |     |

## DECLARATION OF PERFORMANCE

pursuant to Annex III of Regulation (EU) No. 305/2011

No. BASILIA-2025/11

1. **Unique identification code of the product type:**  
BASILIA · Domestic solid fuel burning appliances · Part 2-1: Room heaters · EN 16510-2-1:2022
2. **Intended use or uses of the construction product, in accordance with the applicable harmonised technical specification, as foreseen by the manufacturer:**  
Space heating in residential buildings (without water heating)
3. **Name, registered trade name or registered trademark and contact address of the manufacturer as required pursuant to Article 11(5):**  
HASE Kaminofenbau GmbH · Niederkircher Str.14 · 54294 Trier · www.hase.de · Phone: +49 651-8269-0 · Fax: +49 651-8269-118 · E-Mail: info@hase.de
4. **Where applicable, name and contact address of the authorised representative whose mandate covers the tasks specified in Article 12(2): –**
5. **System or systems of assessment and verification of constancy of performance of the construction product as set out in Annex V:**  
System 3
6. **The Rhein-Ruhr Feuerstätten Prüfstelle notified test laboratory, identification number 1625, performed the initial test and inspection under System 3 and documented it in test report 1625-AoP-CPR-1021 25 1801.**
7. **Declared performance:**

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                                                                                                                                   |                               |                        |                               |                      |                |     |                  |           |                |                        |                |     |                |          |                |     |   |     |

8. **The performance of the above-mentioned product corresponds to the declared performance(s).**  
**Only the manufacturer named above is responsible for generating the declaration of performance in accordance with EU regulation No. 305/2011.**

Signed for and on behalf of the manufacturer by:

Trier, 04.11.2025 · Managing Director Fernando Najera

PRESTATIEVERKLARING  
volgens bijlage III van Verordening (EU) nr. 305/2011  
Nr. BASILIA-2025/11

1. **Unieke identificatiecode van het producttype:**  
BASILIA · Huishoudelijke verbrandingstoestellen op vaste brandstof · Deel 2-1: Ruimteverwarmers · EN 16510-2-1:2022
2. **Beoogde gebruiken van het bouwproduct, overeenkomstig de toepasselijke geharmoniseerde technische specificatie, zoals door de fabrikant bepaald:**  
Ruimteverwarming in woongebouwen (zonder waterverwarming)
3. **Naam, geregistreerde handelsnaam of geregistreerd handelsmerk en contactadres van de fabrikant, zoals voorgeschreven in artikel 11, lid 5:**  
HASE Kaminofenbau GmbH · Niederkircher Str.14 · 54294 Trier · www.hase.de · Telefoon: +49 651-8269-0 · Fax: +49 651-8269-118  
E-Mail: info@hase.de
4. **Indien van toepassing, naam en contactadres van de gemachtigde wiens mandaat de in artikel 12, lid 2, vermelde taken bestrijkt: –**
5. **Het systeem of de systemen voor de beoordeling en verificatie van de prestatiebestendigheid van het bouwproduct, vermeld in bijlage V:**  
systeem 3
6. **Het aangemelde testlaboratorium Rhein-Ruhr Feuerstätten Prüfstelle met identificatienummer 1625 heeft conform systeem 3 het eerste onderzoek verricht en dit in het onderzoeksverslag 1625-AoP-CPR-1021 25 1801 gedocumenteerd.**
7. **Aangegeven prestatie:**

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                           |                                           |  |  |                                  |                                           |                      |                      |     |                      |           |                      |                              |                      |     |                      |          |                      |     |          |     |

PROHLÁŠENÍ O VLASTNOSTECH  
podle přílohy III Nařízení (EU) č. 05/2011  
č. BASILIA-2025/11

1. Kód pro jednoznačné rozlišení výrobku:  
BASILIA · Spotřebiče na pevná paliva pro domácnost · Část 2-1: Ohřivače místností · EN 16510-2-1:2022
2. Účel použití produktu deklarovaný výrobcem podle harmonizované technické specifikace:  
Vytápění prostor v obytných budovách (bez ohřevu vody)
3. Název, obchodní název podle OR nebo registrovaná značka a kontaktní údaje výrobce podle čl. 11 odstavce 5: HASE Kaminofenbau GmbH · Niederkircher Str.14 · 54294 Trier · www.hase.de · Telefon: +49 651-8269-0 · Fax: +49 651-8269-118 · E-Mail: info@hase.de
4. Příp. jméno a kontaktní údaje osoby zmocněné k výkonu činnosti podle čl. 12 odstavce 2: –
5. Systém / systémy pro posuzování a ověřování stálosti vlastností stanovenými v příloze V:  
Systém 3
6. Certifikovaná zkušební laboratoř Rhein-Ruhr Feuerstätten Prüfstelle s identifikačním číslem 1625 provedla první posouzení produktu podle systému 3 – viz zkušební protokol 1625-AoP-CPR-1021 25 1801.
7. Deklarovaný výkon:

## DEKLARACJA WŁAŚCIWOŚCI UŻYTKOWYCH

Zgodnie z załącznikiem III rozporządzenia (EU) nr 305/2011

Nr BASILIA-2025/11

1. **Jednoznaczny kod typu produktu:**  
BASILIA · Domowe urządzenia spalające paliwa stałe · Część 2-1: Ogrzewacze pomieszczeń · EN 16510-2-1:2022
2. **Przewidziany przez producenta cel albo cele zastosowania produktu budowlanego zgodnie z zastosowaną zharmonizowaną specyfikacją techniczną:**  
Ogrzewanie pomieszczeń w budynkach mieszkalnych (bez ogrzewania wody)
3. **Nazwa, zarejestrowana nazwa handlowa albo marka i adres kontaktowy producenta zgodnie z artykułem 11 akapit 5:**  
HASE Kaminofenbau GmbH · Niederkircher Str.14 · 54294 Trier · www.hase.de · Telefon: +49 651-8269-0 · Fax: +49 651-8269-118 · E-Mail: info@hase.de
4. **Ewentualnie nazwisko i adres kontaktowy pełnomocnika, który wypełnia obowiązki zgodnie z artykułem 12 akapit 2: –**
5. **System albo systemy do oceny i kontroli trwałości mocy produktu budowlanego zgodnie z załącznikiem V:**  
System 3
6. **Notyfikowane laboratorium badawcze Rhein-Ruhr Feuerstätten Prüfstelle z numerem 1625 przeprowadziło pierwsze badanie zgodnie z systemem 3 i udokumentowało w protokole badawczym 1625-AoP-CPR-1021 25 1801.**
7. **Deklarowana wydajność:**

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                                                                                                                                                                     |                                        |  |  |                               |                                        |               |            |     |                 |           |       |                     |           |     |       |          |       |     |     |     |

VYHLÁSENIE O PARAMETROCH  
podľa prílohy III Nariadenie (EÚ) č. 305/2011  
č. BASILIA-2025/11

1. Kód na jednoznačné rozlíšenie výrobku:  
BASILIA · Domáce spotrebiče na tuhé palivá · Časť 2-1: Ohrievače miestností · EN 16510-2-1:2022
2. Účel použitia produktu deklarovaný výrobcom podľa harmonizovanej technickej špecifikácie:  
Vykurovanie priestorov v obytných budovách (bez ohrevu vody)
3. Názov, obchodný názov podľa OR alebo registrovaná značka a kontaktné údaje výrobcu podľa čl. 11 odstavca 5:  
HASE Kaminofenbau GmbH · Niederkircher Str.14 · 54294 Trier · www.hase.de · Telefón: +49 651-8269-0 · Fax: +49 651-8269-118 · E-Mail: info@hase.de
4. Meno a kontaktné údaje osoby oprávnenej na výkon činností podľa čl. 12 odstavca 2: –
5. Systém / systémy na posudzovanie a overovanie stálosti parametrov stanovených v prílohe V:  
Systém 3
6. Certifikované skúšobné laboratórium Rhein-Ruhr Feuerstätten Prüfstelle s identifikačným číslom 1625 vykonalo prvé posúdenie produktu podľa systému 3 – viď skúšobný protokol 1625-AoP-CPR-1021 25 1801.
7. Deklarovaný výkon:

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                                                                                                                                                                                     |                                       |  |  |                               |                                       |                    |            |     |                  |           |       |                    |           |     |       |          |       |     |     |     |
